### TESTIMONIAL

To: David Holmes  
Kennett Insurance

From: Diane Parnham  
A New Horizon - Personal Development Coaching

Date: 26th August 2016

My business, A New Horizon, Personal Development & Life Coaching relies on excellent results and positive feed back for my clients. As the industry is unregulated it is of high importance to me to do all I can to show I am qualified, experienced and professional in running my coaching business.

An essential part of running my professional coaching business is having relevant and comprehensive business insurance. It shows my commitment to my clients, protecting them as well as me.

My business insurance was due for renewal and I asked David Holmes of Kennett Insurance for a quote.

David took the relevant information from me and the next day gave me a quote. The policy from David covered all requirements and was more competitive in price than my previous insurer.

David explained the different payment options clearly and simply, informing me of any extra charges. This gave me all the information I was then able to make an informed decision on my renewal. I chose the policy from Kennetts. Once again David was extremely efficient, in giving me the documents.

I would like to thank David for a first class, no nonsense, professional service. I will certainly be recommending David and Kennetts Insurance to my friends, family and businesses in the knowledge David will provide a first class service for them too.

Kind Regards

Diane Parnham. A New Horizon
